I went there and asked them about different courses. The NSIC official has properly guided me and cleared all my confusions regarding my questions.

Finally, I have taken admission in ITI trade for two years for session 2011-2013. It was a life changing turn for me. My life completely changed after taking admission. My whole thinking about my career improved a lot. I was having a more wide scope for my career. I was thinking in more scientific and logical approach.

After completing my wonderful two years, finally I got placed in Texma co. Ltd., Hooghly. Now when I look back, I think NSIC has transformed me from a very ignorant person to well qualified human being.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

Before coming to The National Small Industries corporation, I was thinking that how I can help to our family financially. We got the platform from NSIC and National Backward Classes Finance & Development Corporation, New Delhi to do something for my family financially. When we heard that NSIC is giving the training on ELECTRICIAN then I consulted NSIC I taken admission at NSIC-TSC , Howrah. During training we had learn about two best parts:

Theory – It includes trade theory & general theory like documentation.

Practical - it developed our skills.

After successful completion of training, I was selected at IFB and now earning Rs. 5000 per month. I will give all credits to NSIC & NBCFDC, NEW DELHI to make me successful employed person.

I was very much interested for a training on entrepreneurship building and I think that training can develop a person both in skills & theoretical. In my thinking every person possessed some kind of skill but it remain un-noticed and that person is enable to establish any kind of business without proper knowledge. Training can provide such knowledge regarding how to open a unit, how it can run, how it can be managed etc.

As I know The National Small Industries corporation is an authorised institute to provide entrepreneurship programme & skill development training. I am associated with NSIC from 2016.

This training programme help me lot to run my business in schematic manner. It also helped to expand it. After completion of training we got lot of energy & confident that we should expand the business and explore the opportunity to work with us.

I thankful to NSIC that giving me chance to reduce unemployment little bit since after completion of training we have engaged 3 more workers at our school to trained the poor people.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

The National Small Industries Corporation Limited is a Government of India Organization working for the growth and development of MSME's of India Growth through its various development schemes. Among all schemes as I know Training is the best Scheme for the new Entrepreneurs.

I Selected by National Small Industries corporation – Technical Service centre , Howrah in 2009 for fitter trade. I was a lucky person so that I was selected by NSIC. This trade is affiliated by NCVT, New Delhi, after completion of this course successfully passed out candidates are eligible for private sector job and also government sector job.

As I know this trade is high demand in industry, this is the reason for selection of the course. I feel proud in association with NSIC, factors are:

1. Most Demanded trade offered by NSIC-TSC, Howrah.
2. Discipline of the institution
3. Good Teaching technique.
4. Support during training & after completion of training.

I thanks to NSIC-TSC, Howrah for providing me training. I am working in M/s Turning private Ltd. At monthly salary Rs. 12000/- only due to NSIC who has provided me platform from where I learn and got the job.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

I am unemployed women with great hope to do something which can help the development of our society. I want to be our own boss. With this ambition in mind, I got the opportunity to attend Entrepreneur Programme organized by NSIC Technical services centre, Howrah.

I was selected by NSIC for Skill development entrepreneurship programme on incubator for one month in the year 2015. It was great experience and the best training I got till date. We were provided the vital knowledge that we might require for setting up our own unit. The training was both for Entrepreneurship development & skill development.

After successful completion of training I decided to establish a micro unit of garment manufacturing and I laid stone of making crystal bags. Currently 20 members working in this unit one is myself and other co-worker.

I am lucky that gradually our business is increasing and wants to say that all these happened for my association with NSIC and the above factor makes me feel proud.

I am a passed out trainees from The national Small Industries corporation- technical service centre, Howrah. NSIC is playing vital role in supporting of small scale & medium scale industries technically and financially to exist in competitive market.

NSIC – TSC, Howrah has been provided me platform to become an entrepreneur. During campaign arranged by National small industries corporation- technical service centre, Howrah in 2016, I knew that NSIC is providing training in tailoring.

I feel proud when I am telling that I am a passed out trainees from NSIC-TSC, Howrah. I have completed one month training in tailoring in 2016.

After completion of training I bought sewing machine and started business in my house itself and getting order from our locality. I am earning Rs. 4000-5000/- by which I am helping my family

I would like to thanks NSIC-TSC, Howrah for providing me such platform by which I became self-supported women.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

During 2014 I was selected by NSIC – TSC, Howrah for one week training programme in food processing. I was interested in popcorn making since I saw the people making popcorn earning a good amount from their business but due to unavailability of good platform couldn't started own business.

When I heard that NSIC is providing short training on incubator project for one week, I took admission in Incubator Project in 2016. I acquired maximum knowledge from this training on skill development as well as theory like documentation, accounts managements, manpower management.

After completion of training I have started my business in my house it self. I am getting order from our local neighbour and earning Rs. 2000 – 3000/- in a month.

I thanks to NSIC for providing platform to serve my family.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

I am unemployed women with great hope to do something which can help the development of our society. I want to be our own boss. With this ambition in mind, I got the opportunity to attend Entrepreneur Programme organized by NSIC Technical services centre, Howrah.

I was selected by NSIC for Skill development entrepreneurship programme on incubator for one month in the year 2017. It was great experience and the best training I got till date. We were provided the vital knowledge that we might require for setting up our own unit. The training was both for Entrepreneurship development & skill development.

After successful completion of training in tailoring in 2016 . I decided to establish a micro unit of garment manufacturing and I laid stone of making female dresses in my house itself.

I am very grateful for The National Small Industries Corporation- Technical services centre, Howrah. After association with this organisation I am able to create self-identity as a successful entrepreneur.

When I came to know that NSIC is providing the training on Tailoring through awareness campaign, I took admission in 2015 and successfully completed the one month skill development training on tailoring. Previously I was a simple house wife and after completion the course I was confident that i can establish the industrial unit. I thank to NSIC that they have provided me adequate theoretical & practical knowledge during training session.

After successful completion of training I decided to start my career as entrepreneur with Hand bags product like bags with crystal designing etc. which is the total useful product of ladies. Finally we have started the unit in my house.

I am satisfied that due to my training in NSIC I am now an independent lady and also I am happy to support my family financially.

THE PRIDE FACTOR OF THE TRAINEE/ENTREPRENEUR GETS FROM NSIC(NTSC- HOWRAH):

I was absolutely unmindful about today's very focused world when I had done my registration. It was absolutely dull with respect to vocation development for me. I was exceptionally befuddled about my future and inquiries like what to do now, which course to do, and so on were continued frequenting me day and night. At that point, one of my companions enlightened me concerning NSIC, HOWRAH. I went there and got some information about various courses. The NSIC official has legitimately guided me and cleared every one of my perplexities with respect to my inquiries.

At last, I have taken confirmation in ITI exchange for a long time for session 2014-2016. It was an extraordinary turn for me. My life totally changed subsequent to taking confirmation. My entire contemplating my vocation enhanced a considerable measure. I was having an all the more wide extension for my vocation. I was thinking in more logical and consistent approach.

In the wake of finishing my superb two years, at long last I got put in Eureka Forbes, Hooghly. Presently when I think back, I think NSIC has changed me from an extremely oblivious individual to all around qualified person.

WHAT IS THE PRIDE FACTOR THE UNIT GETS FROM NSIC:

The National Small Scale Industries Limited is a platform for the small and emerging Entrepreneurs and I can proudly say that I become a member of NSIC from 2015. It provides a big platform for the small and emerging entrepreneurs for their exposure and to explore a market for their product after establishing of their own unit. I can personally say that NSIC has helped me a lot to grow in time.

The National Small Industries Corporation Limited is a Government of India Organization working for the growth and development of MSME's of India Growth through its various development schemes. Among all schemes as I know food processing (Entrepreneurship) is the best Scheme for the entrepreneurs Like me.

After successful completion of training programme on food processing in the year 2015, I am working with some of my friends for manufacturing popcorn and to do the marketing of the product and am earning Rs.3000- 4000/approx. per month from there.

Thanks to NSIC for their kind support in establishing my unit and providing me a platform for learning and getting a route source of income for me and my dependents.

I am informed by my daughter after attending the Entrepreneurship development programme at Balitikuri , howrah , organised by The National Small Scale Industries Corporation- Technical Services Centre, Howrah, a Government of India Enterprise that he is giving the training on tailoring. From past year I was thinking that how can I expand my husband business?

I got the golden opportunity to help my husband in enhancing the business. I had joined NSIC-TSC, Howrah in 2015 for one month training programme. Before the training I was thinking that faculty will train me only how to make male as well as female dresses.

I was surprised that he taught me about bank loan processing, manpower handling, Finance and accounting, Marketing Philosophy, Customer interaction technique. After passed out from NSIC I had started ladies wear product like kurta, Panjabi dress in existing Tailoring shop which was managed by my husband.

I can only say that NSIC is the platform where women makes economically independent. I feel proud that I am helping my family and enhance the existing business only due to NSIC.
